About Us

Our business venture, KURMY CORPORATIONS, was established to cater the diversified needs of clients such as Solar Water Heater, Housekeeping Products & many more. We are a MANUFACTURER & EXPORTER of various products such as Thermoplastic Polyurethane, TPU Granules, Polyurethane Chemical, PUF Chemicals, Polyester Polyol, Methylene Diphenyl Diisocyanate and many more products. Our company also provides Solar Vacuum Tube, PU Form Chemical and Thermoplastic Polyurethane (TPU). The entire range is quality assured and our team makes sure that there are no inferior products in the consignment we dispatch. This is because each product undergoes a series of export quality checking. These products are of superior quality and are trusted by the clients who avail them in large quantities.

We, KURMY CORPORATIONS, have been working since the year 2014 to fulfill the demands of various products such as Thermoplastic Polyurethane, TPU Granules, TPU Case Granule, PUF Chemicals, Polyurethane Chemical, Polyester Polyol, Methylene Diphenyl Diisocyanate, Chemical Reagent in the market. To this end, we have established our infrastructure at Rajkot (Gujarat, India) and are currently operating from there. Although it has been a few years in the market, but our company was successful in building business associations in the market and proved our mettle through our range. In the near future, we aspire to spread our business ventures all across the world and be recognized as reliable provider.

Meeting Individual Requirements

We are experts in fulfilling the individual requirements of clients. The number of clients we serve at a time does not faze us. Our team does its best to pay attention to the demands of each one of them and ensure that they are taken care of in satisfactory manner. It is because of this trait, that our company has been successful in its endeavours in comparison to the other companies. Furthermore, our commitment to quality is something that we never let go of in our products. This is why our products are recognized as trustworthy and reliable.
